THE [Numb. 778.]

MARYLAND GAZETTE,

Containing the freſheſt Advices foreign and domeſtic.

THURSDAY, *April* 3, 1760.

LONDON, *January* 5.

NOTWITHSTANDING all the Reports of a Peace, ſay they at Paris, we are very far from having any real Appearances of it. By the Magazines that are forming, and other Steps taking, it appears that the French are determined not to move before Prince Ferdinand.

The Cheſaria, from a Place 20 Leagues above Quebec, of near 500 Tons, mounting 18 Six-pounders, and has 6 more in her Hold, with 100 Men, and 6 Engliſh Priſoners, is ſent into Briſtol, by the Rippon Man of War, who took her the 20th, 70 Leagues from the Lizard. She ſailed from Quebec, with 4 or 5 others, one a Brig, run aſhore, coming down the River. The Forts fired as they paſſed by the Town, but did them little or no Damage. On Saturday 30 Sail of Merchant Ships arrived in the River, 19 of them from Quebec.

A very powerful Squadron is now getting ready againſt the Spring, of which, it is ſaid, two great Men are to have the Command; and that ſeveral Regiments of Foot are to be employed, in order to ſtrike a thorough Blow.—It is ſtrongly reported, that ſeveral Regiments will be employed in the Spring in Favour of a certain great Monarch.—It is ſaid that Admiral Boſcawen will have the Command of a Fleet in the Baltic, and likewiſe be inveſted with a public Character, in order to carry on a Negotiation with the Northern Powers.

Naudau Dutriel, the late French Governor of Guadaloupe, was brought to Breſt by M. Bompar, in Chains, in order to take his Trial for giving up that Iſland.

It is ſaid that Admiral Saunders will relieve Admiral Pocock in the Command of his Majeſty's Squadron in the Eaſt-Indies; and we hear that 2000 Land Forces will be ſent out with him.

Orders have been iſſued for compleating (to the full Compliment) the ſeveral Troops under Orders for Embarkation from other Regiments.

We hear that a great Number of Tranſports will ſoon be taken into the Government's Service, to carry Troops to Germany, and Proviſions, &c. to the new Conqueſts in America.

Some Tranſports are preparing to receive Troops on board for North-America.

Decem. 25. *The Diamond, Stock, from London, is arrived at Legborn, and has taken and carried with her a French Ship, laden with Sugar and Coffee, worth* 30,000 *Dollars.*

Extract of a Letter from Paris.

"*The new Comptroller of the Finances having, on the Part of the King, expoſed to the Farmers-General the preſſing Want of the State, that opulent and generous Company have engaged to furniſh a conſiderable Sum, for which his Majeſty Promiſes to Pay them Intereſt. But as all theſe Gentlemen are not equally rich, they will be divided into three Claſſes, proportioned to their Abilities. Thoſe of the firſt Claſs, will give* 100,000 *Florins each, thoſe of the ſecond* 50,000, *and thoſe of the third* 30,000. *Perhaps this may ſucceſſively invite other Companies to contribute according to their Power.*"

On the 15th *Inſtant arrived at Tinmouth, a Sloop from Newfoundland, with* 700 *Quintals of Fiſh; on the* 13th *ſhe was met with and taken by a French Ship, who, with five others, had found Means to eſcape from the River St. Lawrence, ſince the Surrender of Quebec, all very richly laden.*

They write from Edinburgh, that on the 21ſt *ult. an Expreſs arrived from London, with Orders for Commodore Boys, then lying in Leith Road, to ſail directly for the Coaſt of Norway, in order, if poſſible, to clear the Seas of ſome of the Ships of Thurot's Squadron, who were cruiſing there under Engliſh Colours, and picking up a great many of our Merchantmen. The Commodore immediately gave Orders to make every Thing ready for ſailing, and it was expected he would put to Sea the firſt fair Wind.*

Extract of a Letter from Paris, dated Dec. 26.

"*Notwithſtanding the Severity of the Seaſon, the Time for the Armies in Germany to reſt themſelves is not yet come. The King of Pruſſia ſtill keeping his Troops encamped, obliges Marſhal Daun to make his Men undergo the ſame Hardſhip. Such violent Flames, as thoſe of the preſent War, muſt find the Cauſe of their Extinction in themſelves. Accordingly, general Debility calls aloud for Peace; and the only Point is to ſettle Articles that ſhall inſure its Duration. There is a Rumour of the Arrival of two Noblemen here to facilitate the Negociation. The Apprehenſion, leſt the King of Spain ſhould at laſt determine to take Part in the War, is a new Motive for Peace, eſpecially to thoſe Nations who feel the Influence of Depopulation on Commerce, and know the Difficulty of re-eſtabliſhing loſt Manufactures, the Want of which is alſo followed by Diſorder and Barbariſm.*

"*The Court is in great Affliction for the Death of the Dutcheſs of Parma. The Infant Don Philip, her Huſband, being informed of her dangerous Condition, had ſet out to come to ſee her; but we ſuppoſe that he returned back when he met the Courier who carried the News of her Death. The King and the Royal Family, that they might avoid ſeeing her laſt Struggles retired to Maril, and the Queen to Trianan. Her Corpſe was depoſited on the* 8th *in the Tomb of the Bourbon Family, in the Church of the Abby of St. Dennis.*"

It is certain that a young Gentleman from North-Britain, whoſe Name is Lyle, has found out and made ſome Inſtruments, which, as they depend upon an eſſential Property of Matter, will point out the Courſe of a Ship at Sea in every Sort of Weather, and in all Climates, as exactly as can be wiſhed for; or it will diſcover a Property in Gravitation hitherto unknown. He is now going to make an Experiment with one of them at Sea, and if it anſwers the firſt End, it will be a very great Diſcovery. This has been long wiſhed and laboured for in vain, and would perfect the Art of Navigation, which is of ſo much Conſequence to Great-Britain.

CHARLES-TOWN *(in South-Carolina) February* 23.

The whole Province is now in Arms, or arming, to repreſs the Invaſion of the perfidious Cherokees. In thoſe Parts where the Militia can be moſt uſeful, ſtrong Parties alternately range the Woods. The Governor has ordered Subſiſtence to be provided for ſuch Perſons as are collected together in any Forts or other Places of Refuge; and ſent very large Quantities of Ammunition to Orangeburgh, the Congarees, Pine-Tree Store, &c. and cauſed to be notified to the ſeveral Indian Nations in Alliance with us, the Reward of Twenty-five Pounds which will be given by this Government for every Cherokee Scalp. And, we hear, that Mr. Atkin has ſent Talks, not only to the Creeks and Chickeſaws, but alſo to the Chactaws.

We have no late Advices from Fort Prince-George, or any of Conſequence from Places in that Rout.

But from Fort Moore we learn, that a Gang of about 18 Cherokees, divided into 3 or 4 Parties, on the 15th Inſtant, way-laid, killed and ſcalped Ulric Tobler, Eſq; a Captain of Militia in thoſe Parts, as he was riding from his Father's to that Fort; and ſhot Mr. William Calhoon, who was with him, in the Hand; three other Perſons who were in Company, eſcaped unhurt; the Indian who killed Capt. Tobler, left a Hatchet ſticking in his Neck, on which were 3 old Notches, and 3 newly cut. Some Negroes belonging to Lachlan M'Gillivray, Eſq; employed on this Side Savannah River, were likewiſe beſet by the Indians, but being timely ſuccoured, beat off the Enemy. About the ſame time, two Men were killed and ſcalped near Mr. James Germany's Fort, where moſt of the Broad-River People are.

As General Stanwix, in Conſequence of the Advices ſent him by our Governor, detached the Virginia Regiment, commanded by Col. Byrd (200 Men excepted) from Pittſburgh, the Beginning of December laſt, which was expected to reach Winchester the 15th of that Month, and was put under the Direction of Lieutenant Governor Fauquier, to act againſt the Cherokees as Occaſion might require; ſo we may flatter ourſelves, that Fort-Loudoun will receive Succours from thence: The Diſtance from Winchester to Auguſta Court-Houſe, is 100 Miles, to Calhoon's on Reed-Creek 160, to Stalnecker's on Holſton's River 40, to Fort-Loudoun 160; in all 460 Miles, the ſhorteſt Road. The Virginia Goods deſigned for the Cherokees, brought by Richard Smith as far as Saliſbury, in North-Carolina, and there ſtopped, are ſtill at that Place, and properly ſecured.

Our laſt Letters from Georgia adviſe, that their General Aſſembly had reſolved to fortify that Province againſt the Attempts of Indians, according to their Governor's Plan; and to provide for 200 of the Militia, already in actual Service, to be on conſtant Duty until Succours may arrive from the Northward: That the Creeks who were lately at Savannah, were put into ſo good a Humour, that they promiſed, as ſoon as they had placed the Women and Children then with them in Safety, they would go to War againſt the Cherokees; one of them ſaid, he had ſcalped nine of them formerly, and he would not die before he had ſcalped as many more: That Captain Allick, Speaker of the Lower-Creeks, and a ſtaunch and powerful Friend to the Engliſh, by the Invitation of Governor Ellis, came to Savannah the 15th Inſtant, with ſome Creek Indians of Conſequence; and 'twas hoped he would carry Talks to the Nation that might have the good Effect to induce and engage the Creeks in repelling the Cherokees, if they were not abſolutely fixed in their Reſolutions not to interfere between us and thoſe People: That only five or ſix People have yet been killed by the Cherokees on the Georgia Side of Savannah River: And that all poſſible Precautions are taking to prevent the Small-Pox being brought into that Province from hence, to which End the Scout-Boat is properly ſtationed down the River; and no Veſſel from this Port is to be permitted to come near the Town of Savannah until ſhe has performed ten Days Quarantine at an Iſland ſome Miles below it; nor from any other Parts of this Province, without Bills of Health from the Magiſtrates at the Places from whence they come.

Mr. Patrick Calhoon, one of the unfortunate Settlers at Long Canes, who were attacked by the Cherokees on the firſt Inſtant, as they were removing their Wives, Children and beſt Effects to Auguſta, in Georgia, for Safety, is juſt come to Town, and informs us, that the Whole of thoſe Settlers might be about 250 Souls, 55 or 60 of them fighting Men; that their Loſs in that Affair amounted to about 50 Perſons, chiefly Women and Children, with 13 loaded Waggons and Carts; that he had ſince been at the Place where the Action happened, in order to bury the Dead, and found only twenty of their Bodies, moſt inhumanly butchered; that the Indians had burnt the Woods all round, but had left the Waggons and Carts there empty and unhurt; and that he believes all the fighting Men would return to and fortify the Long-Cane Settlement, were Part of the Rangers ſo ſtationed as to give them ſome Aſſiſtance and Protection.

BOSTON, *March* 3.

Extract of a Letter from Fort Cumberland, Dec. 13.

"We have now in this Fort upwards of One Hundred French Men, Women and Children."

By Captain Allen from London, but laſt from Falmouth, which he left about the 9th of January, we are informed, that ſoon after he came out he ſaw a large Prize Ship ſtanding for Plymouth, but could not get nigh enough to learn who ſhe was; ſhe appeared like a French 74 Gun Ship, very light, having no Guns as he could diſcern; and ſuppoſes her to be another of the Enemy's Men of War, taken and ſent in by ſome of Admiral Hawke's Squadron.

NEW-HAVEN, *February* 23.

Extract of a Letter from Simſbury, Feb. 15, 1760.

"In the Town of Suffield there is an aged Woman (near 88); about ſix Months ago ſhe had a hard Knob, which began to riſe gradually on her Forehead, and has been growing higher and higher ever ſince; it is now got to be near three Inches in Length; 'tis about Midway of her Forehead, between her Eyes, rather more to the Left, than the Right; I lately ſaw it, and felt of it, it appeared to be a perfect Horn of a blackiſh Colour, and as hard as a Sheep's Horn, and the Top of it turns downward. The Report of this has drawn many Spectators, who can atteſt the Truth of this Narration; ſo that you may depend on it as a Matter of Fact, and no Fiction. 'Tis ſuppoſed, that it proceeds from a cancery Humour, tho' it operates in an uncommon Way and Manner."

NEW-YORK, *March* 10.

On Thurſday, the 21ſt of laſt Month, Mr. Montreſor, ſecond Engineer at Quebec, and Lieutenant in the 48th Regiment, eſcorted by Lieutenant Butler, and a Party of Rangers, arrived at Brunſwick, in New-Hampſhire Government, acroſs the Land, in 26 Days; and on Monday Afternoon Mr. Montreſor came to this Town by the Way of Boſton, with Diſpatches for General AMHERST.——We hear that the Troops at Quebec are healthy and in good Order: That all Lower Canada, to the Number of 6000 fighting Men, have delivered up their Arms, and taken the Oath of Fidelity; and that the Militia in ſaid Parts hold their Commiſſions now under General Murray: That the People of the Country ſupply the Garriſon with Proviſions, as far as the diſtreſſed State of their Settlements will admit: That the Labourers and Artificers work at the uſual Price for the Garriſon; and that the People ſeem to be very well contented under a Britiſh Government: That the Troops having no Spirituous Liquors, except a Gill of Brandy when they work, and drinking only Spruce-Beer, are free from the Scurvy: That Gen. Murray has given, out of the French Stores taken there, to every Man, Stocks, Mockiſons, Leggings, a Shirt, a Flannel Jacket, a Coat, and a Cap laced with Fur; which is the Dreſs of the Soldiery, from the General to the private Man; that as to the Enemy about the Town, ſo far from any Hopes of making any Impreſſion on our Poſts, they would think themſelves happy, could they be next Spring in any Poſture of Defence to oppoſe us: That the General has turned all the Jeſuits out of the Town, and has made a Store of their College: And that of 11 Merchant Veſſels that attempted to paſs the Town in November laſt, in a dark Night, five of them were caſt away.——We hear that one of the ſaid Veſſels blew up, ſoon after a Lieutenant of the Troops, and a Number of Seamen, ſaid to be 48, had got on board to take Poſſeſſion of her.——We alſo hear, that one of the Eſcort, named Richard Child, was ſo much benumbed, and his Feet and Legs frozen, that he died a few Days after they came away.

Lieutenant Butler, who eſcorted Lieutenant Montreſor, ſet out from Quebec for this Place, in December laſt, but was obliged to return, after being 21 Days in the Woods, being purſued by a Party of Indians, from whom they were ſecured by the French Inhabitants, in their Return, and were extremely well uſed by them.

We hear further, that our People have two advanced Poſts, one at St. Foy, and the other at Loretto, 7 Miles from Quebec, where they remained in the greateſt Security, not one Perſon being killed there ſince the Surrender of the Place; that a Drum-major, in the Colony Troops of Canada, who had Permiſſion to ſupply the Garriſon with Greens, &c. was found out in endeavouring to enliſt ſome of our Soldiers in the French King's Service, and perſuading others to deſert, being tried by a Court Martial, and found guilty of Treaſon, was immediately hanged up; that the River of St. Lawrence was not froze up at Quebec the 26th *of January; that of the Ships that were above the Town, ſeven got clear, and four could not get down; and that the following Articles would fetch a great Price to thoſe that arrived there firſt in the Spring, viz. Candles, Salt, Tea, Chocolate, Coffee, and Sugar.*

By Captain Hall, who arrived at Boſton laſt Sunday Week, in 25 Days from St. Kitts, we have the following Liſt of Prizes taken and carried into Martinico, between the 4th and 30th of January laſt, viz. Ship Charming Sally, Eyre, from the Coaſt of Africa, for Antigua; Sloop Charming Molly, Goodwin, from New-London, for Guadaloupe; a Shallop Privateer; a Shallop, from Baſſeterre, in Guadaloupe, for Grandterre; a Sloop, from Guadaloupe for Barbados; Brig Sally, Bently, from Liverpool for Guadaloupe; a Sloop, Lewis, from Surrinam for New-England; Snow Dorothy, Haig, from South-Carolina for Guadaloupe; Brig Calverly, Hughes, from Africa for Montſerrat; a Sloop, Clarke, from New-London for Barbados; a Schooner, from Guadaloupe for Point-Petre; a Snow, White, from Glaſgow, for St. Kitts; a Brig, from Philadelphia for Guadaloupe, chaſed into Dominico; a Ship, from Carolina for Briſtol, with Naval Stores; Ship Quebec, from Salem for St. Kitts; a Sloop, from New-London for Ditto; and a Snow, from Cape-Fear for Ditto, re-taken.

We

We hear from New-London, that a large French Snow was brought in there the Week before last, by three or four English Sailors; she was bound from Martinico to Old France, laden with Sugar, Indico, &c. and the Sailors were taken out of the Goal there, in order to assist in navigating the Vessel home; but after being some Time at Sea, and thinking themselves not very well used by the Frenchmen, they took an Opportunity, and rose upon them, killed the Man at Helm, and another that was forward, and threw the Rest, three in Number, overboard, and made themselves Masters of the Vessel, and brought her in as above-mentioned. There were also four Italian Seamen on board, but we do not learn they were any Ways concerned in subduing the Frenchmen.

BOSTON, *March* 17.

A Schooner arrived at Marblehead last Thursday Night from Cadiz, which she left the 18th of January, the Master informs, That Admiral Broderick, who was cruizing off that Port, waiting for the French Fleet to put out, had met with another terrible Storm the 1st of January, which forced him into Gibraltar; several of his Fleet were in great Danger of being lost, but got safe in. And about the 5th of January the French Fleet got out of Cadiz, but where bound was not known.

Yesterday Captain Smallage, in a Sloop, arrived here in 7 Days from Louisburg, by whom we hear, that the Garrison at that Place is well, and have Plenty of good Provisions. The Winter has been very severe at Louisburg, but much moderated when Captain Smallage came away. By the above Vessel we learn, that the Provincial Troops of this Province, who have garrisoned Louisburg the Summer and Winter past, have near all inlisted again for the ensuing Campaign, being well satisfied with the large Bounty and Pay made by our General Assembly in their late Session.

Yesterday arrived here also, a Sloop, in 6 Days from Halifax, by whom we have an Account, that most of the Provincials at that Place, and upon the Bay of Fundy, have again chearfully inlisted for another Campaign.

Extract of a Letter from Lisbon, January 23, 1760.

"I return you Thanks for your Animadversions on the State of our American Affairs, which altogether are in a glorious Situation, tho' General Amherst could not carry his Point in passing the Lake: Another Campaign will probably give a finishing Stroke to our Views in that Quarter; and I am of Opinion, we shall have a further Trial; tho' our last Packet brought Intimations of a Congress to promote a general Pacification; but as there are no Preliminaries, nor previous Agreement to a Cessation of Arms, it is thought our present Superiority will make us require such Cessions as the French, tho' so much reduced, are not disposed to make. In the mean Time Supplies are granted in England with Liberality; and the most active Preparations are continued for annoying the Enemy by Sea and Land.—The Allied Army are still pressing upon the French, and gaining Advantages over them; and tho' the King of Prussia has received a considerable Blow, and lost a considerable Body of Men, by pursuing Measures which the World terms rash, still he remains in a formidable State, and it seems to be a disputed Point, whether the Austrians or Prussians will remain Possessors of Saxony this Winter; and it is hoped the former will be forced to abandon it for Want of Necessaries; in which Case their whole Campaign, with the Assistance of the Russians, will have proved a fruitless One.—It seems our Affairs go on well in the East-Indies, and it is thought the French are in Fear for Pondicherry."

And by another Letter from Lisbon, dated the 30th of January, we have Advice, that it was reported there and believed, that Part of the French Fleet which got out of Cadiz, when Admiral Broderick was blown from before that Harbour, in a severe Storm the Beginning of January last, had returned to Toulon, from whence they first sailed under M. de la Clue.

NEWPORT *(Rhode-Island) March* 11.

By Captain Clarke, who arrived on the 6th Instant from Fyall, we have the following Extract of a Letter from that Place, viz.

"On the 24th of December, at 8 P. M. we had a violent Shock of an Earthquake, which continued half a Minute, and occasioned a general Consternation. This was attended with several Shocks, which so greatly terrified the Inhabitants, that many exposed themselves, in a miserable Condition, in the Streets. On the 24th of January we had a very terrible Earthquake, or rather two, for the Space of a Minute; this intirely stagnated all Business; nothing to be seen but Processions and Prayers. The Ignorant and Superstitious paraded an Image, because Tradition says, this Saint formerly performed Miracles; but the Exposing of it had not the desired Effect, many severe Shocks happening afterwards."

NEW-YORK, *March* 17.

The Detachment of Colonel Montgomery's Highland Regiment, consisting of 600 Men, destined for South Carolina, arrived here from Esopus, last Saturday, and immediately embarked on board the following Transports in the North-River, viz. The Ship Amherst, Nicholls; Ship Two Friends, Spellen; and Brig Swan, Waddell.

The Detachment from the Royal Scots, consisting of 600 Men also, are to embark at Amboy, on board the Ship Thornton, Gilchrist; Snow Albany, Betton; and Ship Carolina, Boyd.

They are to be convoyed by his Majesty's Sloop of War, the Albany, Captain Jervis, and we hear will be clear to sail from Sandy Hook To-morrow, or Wednesday at farthest.

We hear that the General Assembly of this Province, have come to a Resolution to raise the same Number of Men this Year, as they did the last; and that the Bounty for Volunteers will be the same also.

March 24. We learn from Perth-Amboy, that last Tuesday, being the first of the March Term for holding the Supreme Court at that City for the Province of New-Jersey, the Honourable NATHANIEL JONES, Esq; appeared in the Court-House there, with his Majesty's Commission appointing him Chief Justice of that Province, and demanded the necessary Requisites for the Exercise of that Office, before the Honourable ROBERT HUNTER MORRIS, Esq; Chief Justice of that Province, and the Honourable SAMUEL NEVILL, Esq; Second Judge of the said Supreme Court:—Whereupon the Commission appointing Mr. MORRIS to that Office was read, as also Mr. JONES's: And that of Mr. MORRIS being found to be during good Behaviour, and no Instances of his Misbehaviour ever appearing against him; after some learned Debates in the Law, it was the Opinion of the Court, that as Mr. MORRIS was never legally superseded, Mr. JONES could not be admitted to the Execution of that Office.

Monday last Part of the Royal, or first Regiment, embarked at Perth-Amboy, in order to proceed to South-Carolina; the next Day, one of the Transport Ships got a-ground, in endeavouring to go out; but on Thursday Morning, the Wind being fair, she sailed again, in order to join the others in Parmaceti Cove. And as the Wind continued fair all that Day, it is supposed they have proceeded on their Voyage.

PHILADELPHIA, *March* 27.

A Letter from Pittsburgh, dated the 20th ult. mentions one Giles Collins, belonging to the Artillery, being killed and scalped a few Days before, about four Miles from that Fort; and that some Wyondott Indians had come in there, and brought with them a Prisoner.

Since our last we have received the following disagreeable Account, viz. That in the Snow Storm on Sunday the 16th Instant, Captain Jones, in a Ship from Lisbon; Captain Brown, in a Brig, bound to Jamaica; Captain Cotton, in a Schooner, for Gibraltar; and Captain Cochran, in a Brig for Limerick, were all drove ashore at the Capes; and that Captain Albertson, in a Sloop for New-York; and Captain Robertson, in a Sloop for Halifax, were lost near Cape-May. Captain Brown's Vessel, it is feared, will be lost; there are some Hopes of saving Captain Jones's Ship; Captain Cotton will be saved; and the Irish Brig, by unloading, we hear, will be got off.

The same Day Captain Lee came up from Montserrat, who advises, that the Fleet which sailed some time ago from Piscataqua for the West-Indies (among which was a Mast Ship) under Convoy of the Echo Frigate, was separated by a Gale of Wind, after which eight of them were taken, and carried into Martinico: That the Ship Anne, Captain Horton, and Brig Sarah, Captain Taylor, both Letters of Marque, and both from Liverpool, had arrived in the West-Indies, the Ship at Guadaloupe, and the Brig at Barbados: That the former, in going down to Guadaloupe, had retaken a Vessel from Cork; and the latter, betwixt Barbados and Guadaloupe, retook a Ship from London for Antigua with King's Stores: That after this, the Ship not being quite ready, the Brig went out on a Cruize towards the Spanish Main, when she took an empty French Ship, which was ransomed for Fifteen Hundred Pounds, and two small Vessels, loaded with Sugar; That afterwards the Ship and Brig went out on a Cruize together, and Accounts had been received from them, that they had taken six Prizes, four of which Frenchmen, the other two retaken Vessels, belonging to Montserrat: That about the Beginning of this Month a Flag of Truce arrived at Montserrat from Martinico, and brought Advice of 30 English Vessels being carried in there in 25 Days before she sailed: That Captain Scott, in a Letter of Marque Sloop from London, for that Island, had taken a large Schooner, loaded with Sugar, and sent her into Nevis: That Captain Bowler, in a very small Privateer belonging to Montserrat, of six Swivels, and about 15 Hands, had sent in there two large Sugar Sloops; but that in coming in himself his Vessel was overset, and Half of his Crew lost: That Captain Roberts, in a small Sloop, also belonging there, had taken a French Schooner, off the Rocus's, on the Spanish Main, bound to Old France, laden with Sugar, Indigo and Coffee, and sent her to St. Croix.

A Letter from Oswego, dated the 25th ult. mentions their receiving a trading Visit from the Oswegatchie Indians; that they expected another Party on the same Account every Day; and that those that had been with them, behaved exceedingly well.

The Governor and Assembly of New-York have passed a Law for levying, paying and cloathing 2680 effective Men, Officers included, for forming an Army of 20,000 Men, with the Forces of the neighbouring Colonies, to reduce, in Conjunction with his Majesty's regular Troops, Montreal, and other Posts belonging to the French in Canada.

Extract of a Letter from Whitemarsh, in North-Carolina, dated February 21, 1760.

"I came from Kingston, in South-Carolina, late last Night.——An Express arrived at George-Town, giving an Account of a large Body of Indians on Horseback, who were killing and destroying the Inhabitants, both white and black, and laying waste the whole Country before them.——They were got down to a Place called Four Holes, within 30 Miles of Charles-Town.—The Alarm is general throughout the Province, and they are all now under Arms.—There is another large Body of Indians on the Back of Anson and Rowan Counties; and if they push on with the same Precipitation, we have the greatest Reason to expect that they will soon be here."

ANNAPOLIS, *April* 3.

We hear that a Party of *Cherokees*, have lately done some considerable Damage on the Frontier of *Virginia*.

Writs of Election are issued, by Order of the Honourable the Lower House of Assembly, directed to the Sheriffs of *St. Mary's* and *Queen-Anne's* Counties, to elect two Representatives in the Room of Mr. *Edmund Key*, gone to reside in *London*; and Mr. *Thomas Harris*, lately deceased.

By a Vessel arrived this Forenoon, from *New-London*, but last from *New York*, we have a melancholy Account of a most terrible Fire (supposed accidental) which happened in *Boston*, on the 20th and 21st of *March*, which has destroyed a great Number of Dwelling-Houses, Warehouses, Shops, a Ship, three Sloops, a Schooner, *&c. &c.* This Fire is supposed to be the greatest, and to have made the greatest Destruction of any which ever happened in any Part of *America*. WHEREAS I have built a compleat Forge with three Fires in it, with all Conveniencies in and about the ſame, on a good Stream, which it is thought will ſupply the Works conſtantly, ſo that I am now only in want of proper Officers to carry on the ſame, having both Wood-cutters and Colliers (Slaves) ſufficient to carry on the Works conſtantly, and a Furnace about eight Miles diſtant; and whereas the Succeſs of ſuch Undertakings depends on the good Management of the Works, and good Workmen; this is therefore to inform thoſe whom it may concern, that a Clerk is wanted for the Forge, who is not only well acquainted with keeping Accounts, but capable of taking Charge of the ſame, to whom good Encouragement will be given, and a Proſpect of advancing. A Hammerman is wanted at 25*ſ.
